DETAILED ACTION

This is the fifth office action for U.S. Application 10/071,994 for a Supporting Device for a Portable Device filed by Ziegler et al. on February 8, 2002. Claims 1-16 are pending.

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 21, 2005 has been entered.

Allowable Subject Matter

Claims 1-16 are allowed. The following is an examiner's statement of reasons for allowance: The prior art discloses supporting devices with a supporting plate supported on a surface by a frame, with a first end that can be placed on a surface and a second end in a sliding guide located at the support plate, whereby the second end is movable along the sliding guide for engaging a locking recess in the sliding guide (see US Patent 5,290,003 to Reyes). However, the prior art does not disclose such an arrangement with a lever that has a first end pivotally mounted at the frame between the first end and the second end of the supporting frame, around a first swivel axis running

parallel to the surface, and a second end pivotally mounted on the supporting plate below the sliding guide around a second swivel axis running parallel to the first swivel axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
